

## Ghost Bones

Robert Edgar 2004

Wondering why I can't fall asleep tonight.  
Wondering why I can't fall asleep tonight.  
Wondering why I can't fall asleep tonight.  
Sure as hell not 'cause I'm thinking of you.

Spent all the money set aside for the  
doctor  
Took my guitar from my arms and went  
and hocked her  
Wondering why I can't fall asleep tonight  
Sure as hell not 'cause I'm thinking of you.

Just go away and leave me alone.  
Just go away and leave me alone.

Just go away and leave me alone.  
Take along this confusion of ghost  
bones.

The dark in this room is the dark between  
the stars.  
The blood in your heart is the cold dust of  
Mars.  
Wondering why I can't fall asleep tonight  
Sure as hell not 'cause your sun's in my  
eyes.

Wondering why I can't fall asleep tonight.  
Wondering why I can't fall asleep tonight.  
Wondering why I can't fall asleep tonight.  
Sure as hell not 'cause I'm thinking of you.
